## One-day Workshop on Disruptive Technology Management

Leveraging for Management Education & Research

10<sup>th</sup> December, 2016

Venue: NIST Campus

Organised by

**National Institute of Science & Technology**  
Palur Hills, Berhampur-761008 Odisha, India

In association with

**Operational Research Society of India, Bhubaneswar**

## About ORSI:

The Operational Research Society of India was founded in 1957 (with eminent statesman & planner, PC Mahalanobis, as its first President), to provide a forum for the scholars and scientists, in the area of Operational Research, which includes all Physical and Social Sciences, including Management & Engineering. To further that end, the Society is affiliated to the International Federation of Operational Research Societies (IFORS).

Contribution to the Society towards attainment of these objectives is eligible for exemption of income tax under Section 80(G)(5)(vi) of the Income Tax Act 1961.

The Society publishes reputed impact-factor journal OPSEARCH, which brings out high quality and state of the art papers in Operational Research area. Copy of the journal given to all life members of ORSI.

## About NIST:

With UGC-NAAC Accredited 'A' grade in 2015 NIST, Berhampur is considered as a benchmark research institution in eastern India. The institute (managed by SM Charitable & Educational Trust) started its functioning in the year 1996 with vision of creating engineering minds capable of mastering global challenge of tomorrow's technology by promoting higher technical education. It is approved by AICTE, New Delhi, accredited by UGC and affiliated to BijuPatnaik University of Technology, Rourkela, Odisha. The institute campus is more than 60 acres of land located at picturesque Palur Hills at a distance of 13 kms. from city of Berhampur and 3hours drive from state capital city Bhubaneswar on NH-16 on Howrah-

Chennai route. The institute is headed by Director, Prof SangramMudali and boasts of having more than 3000 students on its roll in various disciplines of M.Tec. ,B.Tech., MBA,MCA.

## Program Objectives:

The basic aim of the workshop is to provide a platform to young faculty members to interact and share their professional experiences and opinions in the field of Operational Research and Statistics. Focus will also be laid upon qualitative and quantitative dimensions of the field of operations.

A faculty chapter is planned to be unveiled during this workshop to focus more on this functional area in future and indulge in research activities by bringing the academicians as well as the industry practitioners in one platform.

## Who can participate?

All interested Teachers & Research scholars of Management, Economics, Engineering and social studies streams can participate. However to augment the efficacy, the participation will be restricted to 30 members only, on first-come-first basis.

## Resource Persons:

Renowned and well experienced resource persons who are involved in ORSI activities have consented for the event. The speaker list (tentative) is provided in the schedule.

## Registration to workshop:

Registration to participate the workshop is free for all participants. All the interested participants have to confirm their participation latest by 5<sup>th</sup> December, 2016.
