### About NIST

In a short span, the National Institute of Science & Technology has succeeded in making an indelible mark on the engineering education community of Orissa. NIST is fast becoming the most preferred institute of top AIEEE and JEE rank holders.

Students of more than 13 states are studying in the Institute. This has been made possible by the relentless efforts put in by the faculty and staff of NIST in upholding the highest professional standards in education. NISTians work together to ensure that NIST remains an exemplary island in the sea of academic mediocrity that threatens to obliterate India's rich educational past.

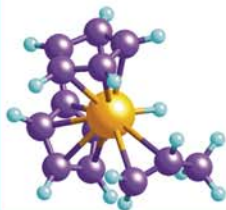

### About DST

The Department of Science and Technology established on 3<sup>rd</sup> May 1971, has played a catalytic role in the promotion of reasearch and developments in science and technology and has served the function of a nodal department organizing, coordinating and promoting S&T activities in the country.

The Department strives to strengthen the foundation of science and technology base of India and launch programmes with benefits in the long term horizon.

### About Inspire

INSPIRE is an innovative program developed by the Department of Science & Technology to attract talent to the excitement and study of science at an early age, and to help the country build the required critical resource pool for strengthening and expanding the S&T system and R&D base.

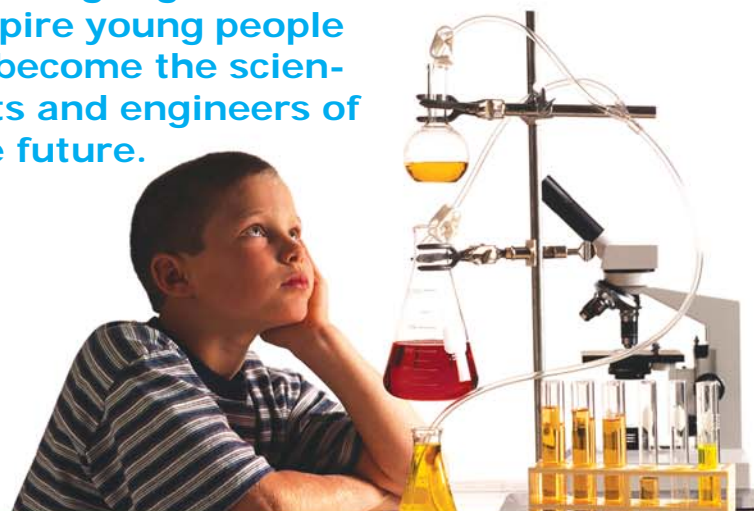

### About Programme

National Institute of Science and Technology has been entrusted with the responsibility of conducting the **INSPIRE SCIENCE CAMP** from **January 31<sup>st</sup> - February 04<sup>th</sup>, 2012** by the Department of Science & Technology, Govt of India. The Science Camp is held to motivate and inspire talented students to take up Science and Research as a career. The Science Camps will be addressed by top scientists of India including Bhatnagar Awardees, Padma Awardees and global icons of Science & Technology. The students will also be exposed to hands-on experience in advanced laboratories.
