About NIST

In a short span, the National Institute of Science & Technology has succeeded in making an indelible mark on the engineering education community of Odisha. NIST is fast becoming the most preferred institute of top JEE rank holders.

Students of more than 13 states are studying in the Institute. This has been made possible by the relentless efforts put in by Prof. Sangram Mudali & Prof. Geetika Mudali, founders of NIST, faculty and staff of NIST in upholding the highest professional standards in education. NISTians work together to ensure that NIST remains an exemplary island in the sea of academic mediocrity that threatens to obliterate India's rich educational past.

About DST

The Department of Science and Technology, established on 3rd May, 1971, has played a catalytic role in the promotion of research and development in science and technology and has served the function of a nodal department organizing, coordinating and promoting S&T activities in the country.

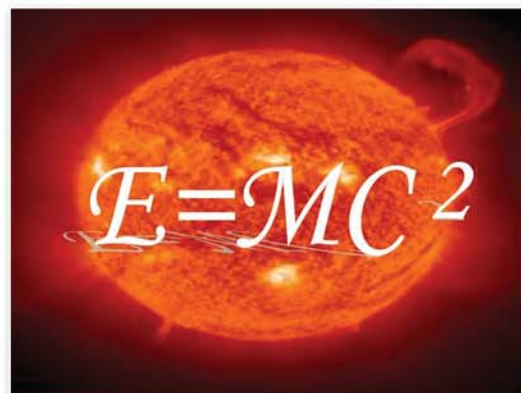

The Department strives to strengthen the foundation of science and technology base of India and launch programmes with benefits in the long term horizon.

About Inspire

INSPIRE is an innovative program developed by the Department of Science & Technology to attract talent to the exciting study of science at an early age, and to help the country build the required critical resource pool for strengthening and expanding the S&T system and R&D base.

About Programme

National Institute of Science and Technology has been entrusted with the responsibility of conducting the **INSPIRE SCIENCE CAMP** from **31st January - 4th February, 2017** by the Department of Science & Technology, Govt of India. The
