HOW TO REACH BERHAMPUR

Those who are coming from abroad can take a flight to Bhubaneswar which is connected to Delhi, Mumbai and Kolkata by daily flights of Air India, King Fisher, Indigo, Jet Airlines etc. On reaching Bhubaneswar, Volunteers of NCHPCS-2013 at the airport will guide and arrange transport to Berhampur and Gopalpur on sea (places of accommodation) by road. The travel from Bhubaneswar Airport to Gopalpur on sea will take approximately three and half hours. Those who are traveling by train may note that Berhampur is well connected with most of the major cities of India. Transport will be arranged from Berhampur railway station to respective places of accommodation during the workshop.

January 18-19, 2013, Berhampur, Odisha
TUTORIALS

The conference will include invited presentations from experts in academia and industry as well as contributed presentations describing original work on the current state of research in HPC & simulation technologies. Authors of papers interested in tutorials should indicate their interest on the paper submission form. Reviewers of contributed papers will be asked if they wish to present their work as a tutorial. Tutorials are not limited to topics presented in contributed papers and should be appropriate for audience participation. The presentations should be approximately 90 minutes (including time for questions).

PAPER SUBMISSION

Abstracts of papers not more than 300 words for oral and poster presentation should be submitted by November 15, 2012. The abstracts accepted for presentation will be introduced to the authors by November 25, 2012. Authors should submit the full text of the papers, not exceeding double space typed pages including figures and tables, in the form of a soft copy before December 15, 2012. Proceedings will be published by a reputed publisher.
