

OFFICE OF THE REGISTRAR NOTIFICATION

CERTIFICATE FOR CGPA TO PERCENTAGE CONVERSION

TO WHOMSOEVER IT MAY CONCERN

This is to certify that NIST University follows a grading system based on the Cumulative Grade Point Average (CGPA) on a 10-point scale, in accordance with the guidelines of the University Grants Commission (UGC).

No marks, class, or division is awarded to the students at the semester or degree level.

The conversion formula from CGPA to percentage of marks is as follows:

$$\text{Percentage of Marks} = (\text{CGPA} - 0.5) \times 10 \%$$

This conversion formula is mentioned in the final grade sheet of all students who have graduated from the University from the year 2024 onwards.

The above formula may be used by Government Organizations, Private Organizations, Public Service Commissions, and other Individuals or Institutions for converting the CGPA into the equivalent percentage of marks for any official or academic purpose.
